

2017 BYOD Program Application List

10th of November, 2016.

Dear Parents/Guardians,

As we continue our BYOD Learning Program at Buninyong Primary School in 2017, a number of applications will need to be installed on your child's iPad. After working with staff from all areas of the school and keeping cost in mind, we have come up with the list of applications, both free and paid.

Our teachers are excited and are planning to use these applications in class this year. We ask that all parents seek to ensure that these **are installed prior to your child bringing their iPad to school** after our registration evening in term 1, 2017.

One of the many benefits of choosing the Apple iPad range was that we could offer parents a **50% discount on applications** through the school purchasing them and then sending out redemption codes to use in the App store. These codes, when redeemed will automatically install the correct application that we require and is really easy to do (There is a 'How To' guide on our school's website).

We ask that all parents/caregivers with children in the BYOD Program to now:

1. **Install** all **FREE** applications on their child's device.
2. **Select** which of the **PAID** applications you will require us to purchase on your behalf using the form attached. (Please note that some applications such as Garageband, Pages, Numbers and iMovie now come pre-installed on newer versions of the iPad and won't need to be purchased, so please check your child's iPad to see if they are installed).
3. **Calculate** the total cost of the paid applications you require.
4. **Fill out** the payment method you would like to use.
5. **Return** the form and payment to the office **no later than Friday the 10th of February, 2017.**
6. **Attend** one of the compulsory BYOD registration evenings to receive your redemption codes and install the applications on your child's device.

Thanks again for your support and collaboration. It's not long now until we continue the next phase of our journey.

Kind regards,

Scott McGlynn - eLearning and ICT

Buninyong Primary School – 202 Simpson Street, Buninyong VIC 3357
