

Redeeming Apps from the VPP

As part of the Buninyong Primary School BYOD program, parents/caregivers have the opportunity to take advantage of our school's bulk purchasing of applications membership with the Apple Volume Purchasing Program (VPP).

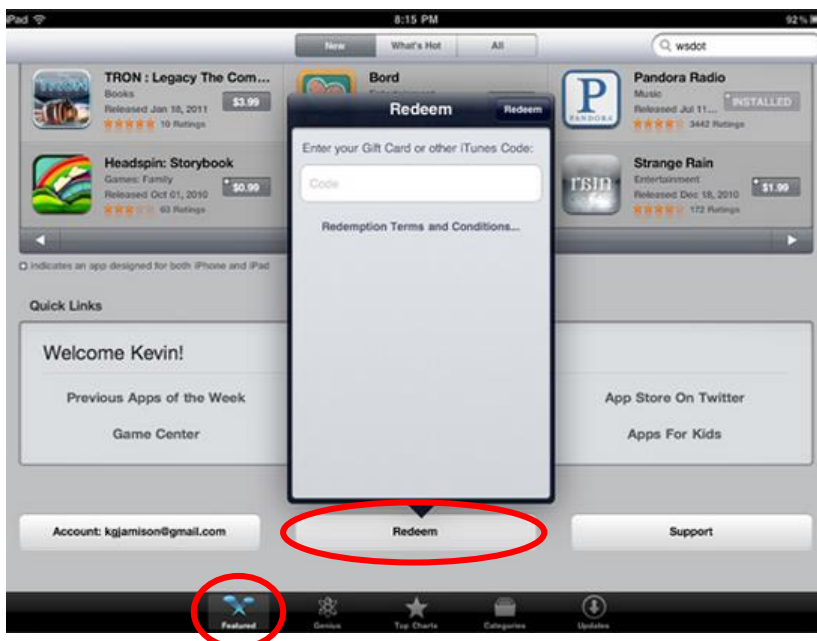

This program allows the school to purchase the applications on behalf of parents/caregivers at a 50% discounted rate. Meaning we pay less for apps.

To redeem your applications on your student's iPad, please follow the steps below:

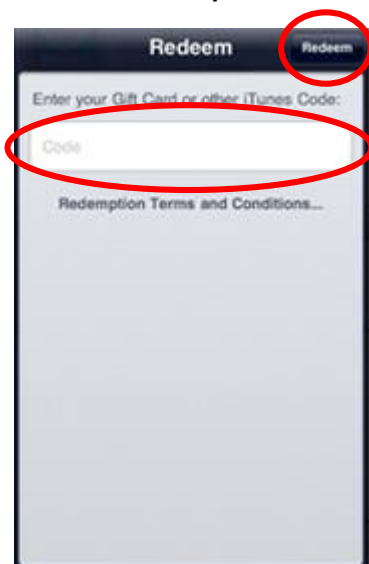

1. Open up the App Store Icon on your student's iPad.

2. Scroll to the bottom of the **Featured** section and tap **Redeem**. You will need to sign in with your Apple ID.

3. Enter the **redemption code** in the space provided and then press **redeem**.

4. You will then receive a verification screen that will show you which app is being installed.
5. Repeat steps 1-3 for all apps that you have been given redemption codes for.

Please note:

If you happen to have any difficulty installing application redemption codes, please email our eLearning Leader Scott McGlynn at:
