

BULLYING PREVENTION POLICY

Purpose

Buninyong Primary School is committed to providing a safe and respectful learning environment where bullying will not be tolerated. This policy addresses how Buninyong Primary School aims to prevent and respond to student bullying behaviour.

The purpose of this policy is to:

- explain the definition of bullying so that there is shared understanding amongst all members of the Buninyong Primary School community
- make clear that no form of bullying at Buninyong Primary School will be tolerated
- outline the strategies and programs in place at Buninyong Primary School to build a positive school culture and prevent bullying behaviour
- ask that everyone in our school community be alert to signs and evidence of bullying behaviour, and understands the importance of reporting bullying behaviour to school staff
- ensure that all reported incidents of bullying are appropriately investigated and addressed
- ensure that support is provided to students who may be affected by bullying behaviour (including victims, bystanders, witnesses and students engaging in bullying behaviour)
- seek parental and peer group support in addressing and preventing bullying behaviour at Buninyong Primary School.

When responding to bullying behaviour, Buninyong Primary School aims to:

- be proportionate, consistent and responsive
- find a constructive and positive solution for everyone
- stop the bullying from happening again
- restore the relationships between the students involved.

Buninyong Primary School acknowledges that school staff owe a duty of care to students to take reasonable steps to reduce the risk of reasonably foreseeable harm, which can include harm that may be caused by bullying behaviour.

Scope

This policy addresses how Buninyong Primary School aims to prevent and respond to student bullying behaviour. Buninyong Primary School recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our school. These other inappropriate behaviours will be managed in accordance with our *Student Code of Conduct* and *Student Wellbeing and Engagement Policy, alongside our behaviour management*.

This policy applies to all school activities, including camps and excursions. It also applies to bullying behaviour between students that occurs outside of school hours, where the behaviour impacts on student wellbeing and safety at school.

Policy

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

There are four main types of bullying behaviour:

- Physical – examples include hitting, pushing, shoving or intimidating or otherwise physically hurting another person, damaging or stealing their belongings. It includes threats of violence.
- Verbal/written – examples include name-calling or insulting someone about an attribute, quality or personal characteristic.
- Social (sometimes called relational or emotional bullying) – examples include deliberately excluding someone, spreading rumours, sharing information that will have a harmful effect on the other person and/or damaging a person's social reputation or social acceptance.
- Cyberbullying – any form of bullying behaviour that occurs online or via a mobile device. It can be verbal or written, and can include threats of violence as well as images, videos and/or audio.

Bullying can be a form of racism, sexism, homophobia, transphobia or other type of social prejudice when the behaviour is targeted at an individual or group because of a personal characteristic, such as race, religion, sex, sexual orientation, gender identity or disability.

For further information about bullying, refer to: [Bully Stoppers \(education.vic.gov.au\)](http://bullystoppers.education.vic.gov.au) and the Department's [Bullying Prevention and Response](#) policy on the Policy and Advisory Library.

Other distressing and inappropriate behaviours

Many distressing behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing behaviours should report their concerns to school staff and our school will follow the Student Wellbeing and Engagement Policy/Code of Conduct and Behaviour Management flow chart (barometer).

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Buninyong Primary School will use its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

Harassment is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment.

Discrimination is behaviour that treats someone unfavourably because of a personal characteristic (for example, race, religious belief or activity, disability, sex or intersex status, gender identity or sexual orientation).

Discrimination, harassment, and any other inappropriate behaviour is not tolerated at our school and there may be serious consequences for students engaging in this behaviour. This includes any form of racism, religious or disability discrimination, sexism, homophobia, transphobia, or any other behaviour that targets an individual or group. Further information about discrimination and harassment, including definitions, is set out in our Inclusion and Diversity Policy.

Bullying Prevention

Buninyong Primary School has a number of programs and strategies in place to build a positive and inclusive school culture and relationships to promote wellbeing including School Wide Positive Behaviour, the 'barometer' and Respectful Relationships program. We strive to foster a school culture that prevents bullying behaviour by modelling, encouraging and teaching behaviour that demonstrates our school values of Respectful, Responsible and Kind.

Bullying prevention at Buninyong Primary School is proactive and is supported by research that indicates that a whole school, multifaceted approach is the most effective way to prevent and address bullying. At our school:

- We identify and implement evidence-based programs and initiatives from the [Schools Mental Health Menu](#) that are relevant to preventing and addressing bullying and help us to build a positive and inclusive school climate.
- We strive to build strong partnerships between the school, families and the broader community that means all members work together to ensure the safety of students.
- We participate in the Respectful Relationships initiative, which aims to embed a culture of respect and equality across our school.
- We participate in the School Wide Positive Behaviour initiative, which provides a framework for our expected behaviours in different areas of the school and community.
- We celebrate the diverse backgrounds of members of our school community and teach multicultural education, including Aboriginal History, to promote mutual respect and social cohesion.
- We access the Safe Schools program to help us foster a safe environment that is supportive and inclusive of LGBTIQ+ students.
- Teachers are encouraged to incorporate classroom management strategies that discourage bullying and promote positive behaviour.

- A range of year level incursions and programs are planned for each year to raise awareness about bullying and its impacts.
- In the classroom, our social and emotional learning curriculum teaches students what constitutes bullying and how to respond to bullying behaviour assertively. This promotes resilience, assertiveness, conflict resolution and problem solving.
- We promote upstander behaviour as a way of empowering our students to positively and safely take appropriate action when they see or hear of a peer being bullied.
- When using computers and technology, staff support students to understand responsible online behaviours.
- We seek to empower students to be confident communicators and to resolve conflict in a non-aggressive and constructive ways.
- Students are encouraged to look out for each other and to talk to teachers and older peers about any bullying they have experienced or witnessed.
- We participate in the National Day of Action Against Bullying and Violence.
- We seek student voice on a range of issues through our VOTS (Voice of the Students) representatives and additional focus groups.

For further information about our engagement and wellbeing initiatives, please see our *Student Wellbeing and Engagement* policy.

Incident Response

Reporting concerns to Buninyong Primary School

Bullying is not tolerated at our school. We ensure bullying behaviour is identified and addressed with appropriate and proportionate consequences. All bullying complaints will be taken seriously and responded to sensitively at our school.

Students who may be experiencing bullying (online or in person) behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible.

In most circumstances, we encourage students to speak to their classroom teacher. However, students are welcome to discuss their concerns with any trusted member of staff including teachers, education support staff, principals, Disability and Inclusion leader and Mental Health and Wellbeing Leader, etc.

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour at Buninyong Primary School should contact their child's class teacher or the Assistant Principal for Engagement and Wellbeing by phone on 5341 3560 or by email directed buninyong.ps@education.vic.gov.au

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Buninyong Primary School are timely and appropriate in the circumstances.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations in Compass; and
2. inform the assistant principal our wellbeing leadership team for student engagement and wellbeing.

If required the Assistant Principal for Engagement and Wellbeing or a member of the wellbeing leadership team will work with the classroom teacher to investigate allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, school staff may:

- speak to the students involved in the allegations, including the victim/s, the alleged perpetrator/s and any witnesses to the incidents
- speak to the parents/carers of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour. Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When staff have sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with the Student Engagement and Wellbeing Team, teachers, SSS, other Assistant Principals, Principal, Department of Education and Training specialist staff, etc.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Buninyong Primary School will consider:

- the age, maturity and individual circumstances of the students involved
- the severity and frequency of the bullying, and the impact it has had on the victim student
- whether the perpetrator student or students have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the perpetrator demonstrates insight or remorse for their behaviour
the alleged motive of the behaviour

The school may implement all, or some of the following responses to bullying behaviours:

- Offer wellbeing support, including referral to Student Wellbeing Team, SSS, or external provider to:
 - the target student or students
 - the students engaging in the bullying behaviour
 - affected students, including witnesses and/or friends of the target student.
- Facilitate a restorative practice meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of

remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied.

- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process.
- Facilitate a process using the Support Group Method, involving the target student(s), the perpetrator students and a group of students who are likely to be supportive of the target(s).
- Implement a Method of Shared Concern process with all students involved in the bullying.
- re[eaFacilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students.
- Prepare a Safety Plan or Individual Management Plan restricting contact between target and perpetrator students.
- Provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including connecting affected students with an older Student Mentor, resilience programs, and external agencies.
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement year group targeted strategies to reinforce positive behaviours.
- Implement proportionate disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy.

The Assistant Principal for Engagement and Wellbeing is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour.

Buninyong Primary School understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.
